

Adopt-a-Spot

The Clean Communities program is looking for groups to help keep Lafayette litter free. Clean Communities mini-grants are available to groups for the adopt-a-road program. This program is open to scout troops, 4H groups and any non-profit organization wishing to earn up to \$500.00 for their organization. Are you a high school student who attends the regional or a private high school? Why not have a school group you belong to adopt a road or area in Lafayette? These groups are also eligible for the mini-grant program.

Individuals, families, neighborhood groups, teams and businesses are also encouraged to adopt a road or an area. Working together, as a group or family teaches our youth how litter diminishes our town and how everyone can make a difference.

Name of organization or individual(s): _____

Contact person: _____

Address: _____

Phone number(s): _____
